TEAM LEAD

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Balaji B's Account). The main content area is titled 'Dashboard' and features a 'For you' section with several cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Monitor your resources' (Get visibility into the performance and health of your resources), 'Create a Kubernetes cluster' (Automate deployments and manage your containerized apps in a native Kubernetes experience), 'IBM Cloud blog' (Educational, technical, and thought-leadership on cloud technologies and solutions), 'View services with free Lite plans' (Check out the available services with free Lite plans), and 'Integrate anything' (Watson access APIs, n to integ). Each card has a 'Getting started' or 'Recommended' button and a time estimate. Below this, there's a 'News' section with a card titled 'Announcing IBM Cloud Pak for Network Automation Version 2.4' and a 'View all' link. The bottom of the image shows a Windows taskbar with the search bar and various application icons.

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows the URL `cloud.ibm.com`. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (Aabavanan R's Account). The main content area is titled "Dashboard" and features a "Create resource" button. Below this, a "For you" section offers several quick-start options, each with a "Getting started" link and a time estimate. The bottom of the dashboard includes sections for "User access", "News" (highlighting the announcement of IBM Cloud Pak for Network Automation Version 2.4), and "Planned maintenance". A Windows activation watermark is visible in the bottom right corner of the dashboard area. The Windows taskbar at the bottom of the screen shows the search bar, task view button, and several pinned application icons, with the system clock indicating 15:40 on 01-11-2022.
